

PERMIT TERM 62A – Single, Project not Built

Title: Measuring Device for Bypass

When Used: If bypass of water is required.

Term:

No water shall be diverted under this permit until permittee has installed a device, satisfactory to the State Water Resources Control Board, which is capable of measuring the bypass flow required by the conditions of this permit. Said measuring device shall be properly maintained.

(0060062A)

Note - This term should not be used for the Russian River or other locations where permanent streamflow gages are reasonably near the point of diversion.
